## 2. THE PLATFORM

**2.1. Platform Description.** The Platform is an automated web-based investment management platform consisting of various portfolios of Investments or models, in each case made available as determined by Altruist and subject to the ability of Advisor and Clients in consultation with Advisor to impose reasonable restrictions, held in an Account (“*Model Portfolios*” and each a “*Model Portfolio*”). Advisor shall attest that Advisor is granted discretionary authority by Clients. The Platform is not provided on an exclusive basis to the Advisor or its Clients, and Advisor acknowledges that Altruist provides substantially similar services to other parties and clients. The Platform shall have the features and specifications set forth below and in Appendix A (The Platform), including but not limited to the Questionnaire and Automated Investment Engine.

No Model Portfolio is personalized or in any way tailored to reflect the personal financial circumstances or investment objectives of any Client. Advisor agrees that Altruist will not act as a fiduciary to any Client, investment Advisor to any Client for purposes of the Advisors Act, or a “fiduciary” or “investment manager” to any Client, as those terms are used in Section 4975 of the Internal Revenue Code of 1986 and the Employee Retirement Income Security Act of 1974, and Advisor agrees that it will not make any representation to the contrary. Advisor will have sole responsibility for determining the appropriateness, diversification or suitability of the Platform and any particular model, portfolio, or Model Portfolio for each Client. Altruist gives no warranty as to the performance or profitability of the Model Portfolios or any part thereof, or any guarantee that any investment objectives will be achieved. Advisor has sole responsibility for the acceptance, rejection or implementation of Portfolios provided by Altruist.

The parties acknowledge and agree that (i) only the Advisor will exercise “investment discretion” over Client accounts for purposes of Section 13(f) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”); and (ii) the Advisor will be solely responsible for filing any required reports with the SEC pursuant to Section 13(f) and the rules and regulations thereunder.

Advisor acknowledges that, depending on the circumstances, including the timing and dissemination of Model Portfolios or related changes, Altruist may disseminate Model Portfolios or related changes, or execute transactions for accounts for which Altruist has discretionary or trading authority, before disseminating Model Portfolios or related changes to Advisor. Advisor acknowledges and agrees that (i) the recommendations implicit in the Model Portfolios provided to Advisor may reflect recommendations being made by Altruist contemporaneously to, or investment advisory decisions made contemporaneously for, other clients of Altruist; (ii) Altruist may have already commenced trading before Advisor has received or had the opportunity to evaluate or act on Altruist’s Model Portfolio or related changes; (iii) transactions ultimately placed by Advisor for its clients may be subject to price movements, particularly with large orders relative to the given security’s trading volume, that may result in Advisor’s clients receiving prices that are less favorable than the prices obtained by Altruist’s other clients; and [(iv) while Altruist takes reasonable steps to minimize the market impact caused by transactions for accounts over which Altruist has investment or trading authority, because Altruist does not control Advisor’s execution of transactions for Advisor’s Clients, Altruist cannot control the market impact of such transactions to the same extent that it would for accounts over which Altruist has investment or trading authority].

- (e) Client Directed Activity. Advisor can enable the Client's ability to adjust risk tolerance, move money and direct security settings on the Platform, with respect to which Advisor will provide advice.

Advisor agrees that Altruist will not be responsible to any Client for, without limitation, elements of Client's Dashboard that are customized by the Advisor, Advisor's selection of and advice regarding any Model Portfolio, and Advisor's suspension or resumption of trading. Advisor certifies that it has performed its Client suitability obligations as described in Section 2.2.(c).
- 3.6. Support and Maintenance.** Altruist will provide Advisor with reasonable support, as provided for in Appendix B (Services), relating to the Services during its then current support hours. Advisor agrees that any Feedback it shares with Altruist will be deemed to be non-proprietary, and Advisor agrees that (a) Feedback is not confidential or proprietary information of any third party and Advisor has all necessary rights to disclose Feedback to Altruist; (b) Altruist may irrevocably freely use, reproduce, use and commercially exploit Feedback for any purpose without obligation of any kind; and (c) Advisor is not entitled to receive any compensation or reimbursement of any kind from Altruist in relation to such Feedback. If,

notwithstanding the forgoing, Feedback is deemed proprietary to Advisor, Advisor hereby grants Altruist an irrevocable, non-exclusive, perpetual, royalty-free license to use the Feedback in connection with Altruist's current and future business, including the enhancement of the Platform, the Services and the Software.

**3.9. List of Authorized Persons.** Advisor will maintain a written list of its principals, officers, employees, and agents who are authorized to access or use the Services and to give Altruist instructions ("**Authorized Persons**") under this Agreement (such list shall further detail which individuals have access to the Advisor Dashboard), and shall promptly provide the list and any updates to it to Altruist on such form as Altruist may prescribe. Each Authorized Person designated by Advisor shall have assigned User Credentials (as defined below) for the Advisor Dashboard. Altruist will establish individual user names and sign-on passwords ("**User Credentials**") for each Authorized Person for the Advisor Dashboard. Advisor shall assure that each Authorized Person's User Credentials are used solely by that Authorized Person and not by any other person representing Advisor. Neither Advisor nor any Authorized Person will impersonate any other person or entity by using a false or misleading user name or otherwise attempting to use the Services in an anonymous manner. Advisor will also take appropriate steps to maintain, and ensure that its Authorized Persons maintain, User Credentials in strict confidence and will not share such User Credentials with any third party. Advisor shall be solely responsible for all use of the Services made with its Authorized Persons' User Credentials and the compliance by its Authorized Persons with this Agreement. Altruist will not be liable for any damages caused by Advisor's use of equipment or its configuration that is not compatible with the Services. Advisor shall be solely responsible for connection of Advisor's systems to a telecommunications service that provides Internet access for purposes of Advisor's access and use of the Services.

**3.11. Suspension of Services and Removal of Content.** Altruist may, in its sole discretion, suspend Advisor's access to the Services, suspend trading in Accounts (including without limitation automatic rebalancing), and reject or remove from the Client Dashboard any Advisor Content: (i) to prevent damages to, or degradation of, the Services or the Software; (ii) to comply with Applicable Law, including any law, regulation, court order, or other governmental request; (iii) to otherwise protect Altruist from potential legal liability or reputational risk to its business; or (iv) if any Platform Fees are past due (as provided in Appendix C (Fees)). Altruist shall use reasonable efforts to provide Advisor with notice prior to or promptly following any suspension of the Services or removal of any Advisor Content. Altruist will restore access to the Services as soon as practicable after the event giving rise to suspension has been resolved.

No action, regardless of form, arising out of this Agreement, may be brought by either Party more than one year after the cause of action has arisen. Any award the arbitrator makes shall be final and binding, and judgment on it may be entered in any court having jurisdiction. Other than those matters involving enforcement or protection of Altruist's Intellectual Property rights, equitable relief, or any action necessary to enforce the award of an arbitrator, the Parties agree that the provisions of this Section are a complete defense to any suit, action or other proceeding instituted in any court or before any administrative tribunal with respect to any jurisdiction or venue in any dispute. The prevailing Party shall be entitled to recovery of costs, fees (including reasonable attorneys' fees) and/or taxes paid or incurred in obtaining the award. Any costs, fees, or taxes involved in enforcing the award shall be fully assessed against and paid by the Party resisting enforcement of said award.
- 15.2. Applicable Rules.** The arbitration shall be conducted in accordance with and subject to the Commercial Arbitration Rules of the American Arbitration Association ("**AAA**") then applicable; provided, however, that if the dispute or controversy between the Parties relates to a dispute or controversy to which a Client is a party and that is the subject of an arbitration pending before the Financial Industry Regulatory Authority ("**FINRA**") or another self-regulatory organization that provides a forum for the arbitration of disputes, then the arbitration relating to the controversy related to this Agreement as between the Parties shall be conducted by the same organization and according to the same rules and regulations as the pending arbitration. This agreement to arbitration shall be enforced and interpreted exclusively in accordance with applicable federal laws of the United States, including the Federal Arbitration Act.
- 15.3. Procedural Matters.** For arbitrations conducted under AAA rules, one arbitrator will be selected by the Parties' mutual agreement or, failing that, by the AAA. Any arbitration conducted pursuant to this Agreement will take place in Los Angeles, California. The arbitrator will allow such discovery as is appropriate and consistent with the purposes of arbitration in accomplishing fair, speedy and cost effective resolution of disputes. The arbitrator will reference the rules of evidence of the Federal Rules of Evidence then in effect in setting the scope of discovery, except that no requests for admissions will be permitted and interrogatories will be limited to identifying (i) persons with knowledge of relevant facts and (ii) expert witnesses and their opinions and the bases therefore. All notices from one Party to the other involving arbitration shall be considered to have been fully given when so served, mailed by first-class, certified, or registered mail, or otherwise given by other commercially accepted medium of written notification.
- 15.4. Court Action.** For those matters involving enforcement or protection of Altruist's Intellectual Property rights, equitable relief, or any action necessary to enforce the award of the arbitrator, a Party shall have the right to institute an action in a court of proper jurisdiction. For all purposes of this Section 15.4, the Parties consent to exclusive jurisdiction and venue in the state and federal courts (if permitted by law and a Party elects to file an action in federal court) located in Los Angeles, California. This choice of venue is intended by the Parties to

be mandatory and not permissive in nature, and to preclude the possibility of litigation between the Parties with respect to, or arising out of, this Agreement in any jurisdiction other than that specified in this Section. Each Party waives any right it may have to assert the doctrine of *forum non conveniens* or similar doctrine or theory or to object to venue with respect to any proceeding brought in accordance with this Section. This arbitration agreement shall be enforced and interpreted exclusively in accordance with applicable federal laws of the United States, including the Federal Arbitration Act.

**15.5. Regarding Third Party Service Providers.** The arbitration agreement and provisions of this Section will also inure to the benefit of Third-Party Service Providers, and they are deemed to be third-party beneficiaries of this agreement to arbitration. Notwithstanding anything to the contrary contained in this Section in the case of a Third Party Service Provider, in the event that AAA or another arbitration forum, if applicable, is unwilling to accept jurisdiction of any matter described in this Section, then such matter shall be decided pursuant to the dispute resolution provisions of any other agreement then in effect between the Third Party Service Provider and Altruist, including without limitation an Information Services Agreement.

## **16. GENERAL PROVISIONS**

in Appendix A and by posting the amended Exhibit on the Platform); (ii) add Platform features for which no new fees apply; and (iii) declare such amendment effective to the extent any amendment is required by Applicable Law to become effective at an earlier time. Advisor's continued use of the Services or the Software following any such amendment will evidence Advisor's agreement to the amendment.

- 16.6. Assignment.** Advisor may not assign this Agreement without prior written notice to Altruist. Altruist may assign its rights and obligations under this Agreement to its parent or any of their respective affiliates, subsidiaries or to a successor by merger or consolidation without notice to Advisor, or to any other entity after 30 days written notice; provided, however, that Altruist may not make any assignment of this Agreement within the meaning of the Advisers Act without Advisor's consent, which consent may include negative consent upon 30 days written notice and which also will be deemed to be Advisor consenting on behalf of and as agent for its Clients.
- 16.7. Severability.** If any of the provisions of this Agreement are found or deemed by a court to be invalid or unenforceable, they shall be severable from the remainder of this Agreement and shall not cause the invalidity or unenforceability of the remainder of this Agreement.
- 16.8. Waiver.** Neither Party shall by mere lapse of time without giving notice or taking other action hereunder be deemed to have waived any breach by the other Party of any of the provisions of this Agreement. Any Party may change the address at which it receives notices by giving written notice to the other Party in the manner prescribed by this Section. In the event the Account is otherwise held in the name of two or more persons or two or more persons are authorized to give instructions on behalf of the Account (including, without limitation, husband and wife, life partners, multiple trustees or managers, etc.), Altruist may rely upon the instructions of any one such Account holder or authorized person as instructions on behalf of all Account holders or authorized persons. In the event Altruist receives conflicting instructions from multiple Account holders or authorized persons, or Altruist is made aware of a dispute or conflict of interest between such Account holders or authorized persons, Altruist may, in its sole discretion, refrain from taking action on instructions from such Account holders or authorized persons until all Account holders or authorized persons consent in writing to the same instructions. The Platform will be called the Allocation TPA Program (or such other name as Altruist may designate). The Platform currently has the features and specifications appearing below; however, such features may be altered by Altruist, with or without notice to Advisor. It is further described in the Brochure as amended from time to time by Altruist.

#### **Online Interfaces**

- *Advisor Dashboard*: Advisor uses the Advisor Dashboard to configure and maintain the Platform and to access the Client Dashboard as an Advisor to manage Clients' Accounts, as further described in Appendix B (Services).
- *Client Dashboard* : Clients use the Client Dashboard to access Platform, answer the Questionnaire, open and fund their brokerage account with a Participating Broker-Dealer, and view their Accounts on an ongoing basis, all as further described in Appendix B (Services).

#### **Advisor Branding**

- Through configuration via the Advisor Dashboard and/or via e-mail to a designated contact at Altruist, Advisor can have its name, logo, photo and contact information displayed on the Client Dashboard.

#### **Automated Investment Engine**

- Altruist, as Advisor's agent, operates the Automated Investment Engine that generates trade orders including trade orders to implement "Automatic Rebalancing and Trading", as described below, as directed by Advisor.

#### **Account Requirements**

- *Custodian and Broker-Dealer*: Altruist Financial LLC as introducing broker and Apex Clearing Corporation as clearing broker and custodian.
- *Account Minimum*: No current account minimum but Altruist may implement an account minimum, or waive any such minimum, at any time in its discretion.

#### **Investor Profile Questionnaire, Scoring and Mapping to Recommended Investment Strategy**

- Client investment objectives and risk tolerance are determined by the Advisor, in part via a Questionnaire that is facilitated by Altruist at the time of account opening.
- Advisor may facilitate separate investor profile questionnaire(s) outside of the Platform, which may include additional questions, such as factual questions to measure risk capacity and behavioral questions to measure risk willingness.
- Advisor takes full responsibility for reviewing and approving the risk tolerance and other questions and answers, both in the Questionnaire facilitated by Altruist and any other questionnaires Advisor may utilize.
- Based on Client answers to the Questionnaire or other questionnaires Advisor may utilize outside of the Platform, Advisor may score these answers, map the results to an investment strategy they recommend, and assign a Client to one of the Model Portfolios, consistent with the Client's best interest.
- Through their Advisor, Clients may add reasonable investment restrictions, including, among others, constraints on their Model Portfolios. Advisor understands that the imposition of

restrictions can result in the inability to fully implement a Model Portfolio, which could have an adverse impact on Client account performance.

### **Automatic Rebalancing and Trading**

- Daily Aggregated Trading: At least once per day on which relevant markets are open for business and to the extent such transactions are necessary, system-generated trade orders, for all accounts (including the Accounts) using the Platform, may be used to:
  - Rebalance Accounts to target asset allocation for the applicable Model Portfolio when an asset class drifts from target allocation by a specified percentage determined to be a default by Altruist. Eventually, Altruist expects that Advisor will be able to customize the rebalancer settings for its Accounts on the Advisor Dashboard. These defaults are subject to change by Altruist based on ongoing research or as otherwise determined by Altruist in its sole discretion.
  - Rebalance Accounts based on Client or Advisor initiated investment decisions, including: deposits and withdrawals of funds; changes to the target asset allocation of the Account; changes to asset allocation percentages for the selected Model Portfolio; or selection of a different Model Portfolio.
  - Rebalance Accounts because of changes to model weights or holdings for a Model Portfolio. Altruist can initiate model weight or holding changes in its sole discretion.
  
- Adjustments and Restrictions:
  - Advisors may not customize asset class mappings on the Advisor Dashboard.
  - Advisor may, on behalf of the Client, impose reasonable restrictions on the management of the account.
  
- Suspension/Resumption of Automated Trading:
  - Advisor may instruct Altruist to suspend/resume trading in all Accounts or specified Accounts; Altruist reserves the right to limit this power if Advisor uses it to engage in market timing or other forms of excessive trading. Suspension/resumption will generally become effective on the next regularly scheduled day of trading generated by the Automatic Investment Engine.
  - Altruist may suspend/resume trading in all Accounts in the event that it reasonably believes that the Automated Investment Engine may not function as intended.

### **Trade Order Management Process**

- Trades are executed by a Participating Broker-Dealer.
- All trades for accounts may be aggregated with trades for other accounts using the Platform.
- Accounts receive the average price for the aggregated trades.
- Advisor may contact Altruist for additional information about particular trades.

For the avoidance of doubt, Altruist shall bear no responsibility in respect of an override trade by the Advisor made on the Advisor Dashboard or any Securities held or disposed of as a result thereof.

### **REBALANCING**

#### **How the rebalancing algorithm works:**

Rebalancing thresholds are checked at least once per trading day, and trade orders are generated as needed. When trades occur, the algorithm follows a set of rules to net out both types of trades.

- **Initial Portfolio buys**

When a Client opens a new Account, and Advisor assigns a Model Portfolio or customized portfolio to the Client Account, the algorithm follows the methodology below to make the initial Securities purchases.

- Using the cash deposited into the new Account, as many Securities as possible are purchased, given the target weight of that holding. If a holding cannot be purchased, then excess cash is held.
- Cash is targeted to be at the model's target or assigned account "Minimum Cash Allocation".

- **Deposits / withdrawals**

- Additional deposits enter the Account as part of the cash allocation. Once the cash allocation exceeds its targeted weighting by a specified percentage based on the Account's target allocation or account "minimum cash allocation", then Altruist's proprietary rebalancer will execute trades. Security purchases depend on a variety of factors such as trade cost and the Advisor's rebalancer settings.
- A Client withdrawal request pulls first from the portfolio's cash allocation. If the cash needed to meet the withdrawal request causes the cash allocation to fall below the drift tolerance level, a rebalancing sell is triggered.

- **Rebalancing buys / sells**

Rebalancing is triggered when Altruist's proprietary rebalancer determines whether a trade is necessary. This will be based on rebalancer settings such as:

- Individual security drift setting - when rebalancing risk premia is applied as a benefit
- Rebalancing risk premia – benefit associated with a rebalancing trade
- New holdings risk premia – benefit associated with a trade to buy a new Model Portfolio holding
- Rebalancing often involves both selling Securities in overweight asset classes and buying Securities in underweight asset classes as part of a unified process. For the purposes of illustration, the following examples describe each part of that process separately.

- **Rebalancing buys**

An asset class whose weighting has fallen below its target and more than the applicable rebalancing drift tolerance will trigger a trade to purchase Securities to raise the weighting back to target.

- **Rebalancing sells**

An asset class whose weighting has risen above its target and more than the applicable rebalancing drift tolerance will trigger a trade to sell Securities to reduce the weighting back to target. However, Securities purchased in a trade that has not yet settled will not be sold except if necessary to provide cash for a requested withdrawal. Securities are sold using settings configured in the Altruist rebalancer to minimize trade cost.

### FEES

Based on the selection by the Advisor on behalf of the Client Account of a Model Portfolio, Altruist charges a fee to each Advisor that is paid on a pro-rata annualized basis monthly in arrears based on the value of the assets subscribed to a Model Portfolio in an Account on the last day of the previous month. Fees are generally based on a percentage of the market value of the assets in the Account. Altruist's fee may range from 0% to 1%. Altruist will instruct the applicable Participating Broker-Dealer to deduct Altruist's fee for the Platform from Advisor's fee (house) account at the Participating Broker-Dealer, or if Advisor instructs, from Client Accounts. If Altruist is unable to deduct its fee from Client's Account according to an instruction from Advisor, then Advisor hereby agrees to be responsible for such fee.

Separately, Advisors may charge their Clients an advisory fee for their services, which is separate from the fee charged by Altruist to Advisor for use of the Platform. Any fee(s) charged by Advisor are not set or supervised by Altruist. Advisor can instruct a Participating Broker-Dealer to deduct their advisory fee from the Accounts. Advisory fees are generally based on a percentage of the market value of the assets in the Account.
